

purifying our planet

Transmission oil filters and pans for automatic transmissions are no longer just a service life component. They are subject to a change interval of 80,000 to 120,000 kilometers. With our transmission oil change kits, you can be sure that you will receive the right transmission oil filter or transmission oil pan and a premium oil „Made in Germany“ and that the transmission will continue to run reliably for the next 100,000 kilometers.

Advantages at a glance:

- Time saving
- Cost efficiency
- Complete package incl. all individual parts
- Simple installation
- Maintaining vehicle performance and service life

Scope of delivery:

- Transmission oil filter/ transmission oil pans
- Transmission oil
- Gaskets
- Mounting accessories
- Gloves
- Service trailer oil change

Product range overview

With our kits, you receive a complete set with all the necessary components in one package. This eliminates the tedious task of identifying and ordering individual parts. At the heart of the kits are high-quality transmission oil filters and transmission oil pans as well as the transmission oil „Made in Germany“.
